To whom it may concern,

The Kung Fu Kids Program has been a fantastic initiative that has had a positive impact within our school community. Our parents and students have thoroughly enjoyed the program and speak positively of the many benefits it provides.

Sifu Frank Mechler has worked hard with our community to promote positive mentoring via Kung Fu Kids. Some of the key attributes being fostered in this program include: Respect, Courage, Integrity, Confidence, Focus, Resilience, Self-Discipline, Excellence and Leadership.

We are grateful for the support that Kung Fu Kids has provided in helping to shape the values of our next generation.

Regards,

Mark Johnstone
Principal
Pallara State School
